Dear Sirs,

according to REACH-Regulation (EG) no. 1907/2006 the products we are supplying can be described as articles.

Our articles do not contain SHVC (included in the candidate list) in a concentration higher than 0,1 %. Due to this fact duty to communicate information according to article 33 does not apply.

Furthermore, our steel products as articles are not part of the specifications of Regulation (EG) no. 1272/2008 for classification, identification and packaging of substances and alloys (only applies to dangerous substances and alloys).

Our products contain a lead content < 0.1% and therefore comply with the RoHS directive (2011/65/EU).
